

*Presented by the Aquarian Organization of Astrologers  
On July 28, 29 and 30 in Kansas City:*

A Fabulous Multi-Cultural Celebration integrating the Mythology, Astrology, Art and Culture of India, Ancient Egypt and Mesopotamia, Greece and our Modern Culture!

## **Internationally Renowned Cross-Cultural Expert and Astrologer – Dr. Dennis Harness**

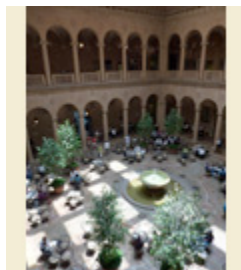

This will be a spectacular event that begins on **Thu., July 28<sup>th</sup> from 7-9 pm**, with a special video presentation of Walter Cruttendon's "The Great Year", narrated by James Earl Jones (a quality video) which addresses the Indian Yugas that Dennis will be presenting on Friday evening, **7/29**. Dennis will be providing commentary at the Thu event.

This event will include Debbie Keil-Leavitt tying this timing to the new (dwarf) planet Sedna. Inuit Goddess Sedna has a rich mythology pertinent to our times, and her orbit not only ties to the Greek Great Year/Indian Yugas, but scientists acknowledge that her orbit around our Sun might also indicate the binary "twin" star to our Sun that Indian gurus have been assuring us exists! The associated mythology will be emphasized.

**Dennis will present the full story on the Yugas on Friday evening (7/29). Then it gets *even better* with art, music and a true celebration day!**

**On Saturday, Dennis will be providing the Vedic Lunar Mansions and related constellations** and fixed stars, with commentary by Debbie Keil-Leavitt who has a diploma in Visual Astrology and the Fixed Stars. Along with this, there will be a tour of the Nelson-Atkins museum just a few short blocks from the workshop site along with an inexpensive "zodiac" luncheon at the beautiful Rozelle Court at the museum. **For this tour we have a special treat!** Egypt expert, **Andrea Mikana-Pinkham**, will be available for commentary on the Egyptian exhibit at the museum, as well as our Egyptian fixes star presentation.

**Andrea is an expert on the Neters and may possibly have her fabulous quartz resonating bowl for meditations!**

**And THEN - We will have live inspirational music by the darling and talented Sophia Angeles, selected the "Sedona Rising Star" this year at age 13!**

**Lectures are free to current AOA and Friends of Jung members. Details are available at the website [www.astrologykansascity.com](http://www.astrologykansascity.com), or please feel free to contact Debbie at 816-774-4514, or at the website at [info@astrologykansascity.com](mailto:info@astrologykansascity.com) if you have any questions, or you can complete the registration form along with your \$125 check for the Saturday Celebration and mail it to: P.O. Box 36493, Kansas City, MO 64171**

As a special treat, Dr. Harness will be offering private consultations at a reduced rate of only \$145 on the dates surrounding his lecture and workshop. Just contact: 816-774-4515 or [info@astrologykansascity.com](mailto:info@astrologykansascity.com).
